**"Warrawee Senioreeta"**

I have been reviewing modest objectives regarding my future breeding & riding horses.

I have recommenced "On Ground" Natural Training with the "Old Fella" "Imoan Ishmael" and commenced working "Imoan Samuel", my home-grown stallion.

"Ishmael" & "Samuel" are "Keepers" and the type of Arabian Purebred, and Arabian Derivative I have always wished to breed, albeit in small numbers.

I am considering the sale of my quality mare "Warrawee Senioreeta", the dam of "Imoan Samuel" the last foal sired by my deceased stud stallion "Niarob Shou-Lin--El-Sadat". I would consider her Sale, but at a realistic purchase price, and to a loving home

**"Warrawee Senioreeta"** was sold in September 2018 to be utilized as a ridden mare. "Reeta" was trained to saddle and competed in Endurance and Barrel Racing. In May 2020 I was informed, by her breeder, that "Reeta" was up for auction at Echuca, a major surprise to me.

I repurchased "Reeta" with the aim of using her as a ridden mount for my wife and to breed again at a later date. "Reeta" has been gracing the paddocks and neither the ridden work nor breeding has occurred.

"Reeta" is a top-quality AWB mare with an excellent performance pedigree and she is a proven broodmare.

**"Warrawee Senioreeta" is for sale as either a Broodmare or as a ridden prospect, already trained to saddle -** If interested in "Reeta" , please contact me: [peter.cooke@imoan.com.au](mailto:peter.cooke@imoan.com.au) or via my mobile: 0428 386 106
